THE FRANCIS CRICK INSTITUTE

This map shows the proximity of The Francis Crick Institute to a unique cluster of hospitals, educational institutions and learned societies which are already working on some of the most important medical research today.

Camden offers a unique opportunity to bring the world's leading scientists to a key location to deliver far reaching health, education, economic and social benefits.

London is a world city and a global centre for research and biomedical invention. This project will bring the world's best biomedical science researchers together and accelerate the delivery of cutting edge medicine in the capital.

Please note this map is indicative only.

MRC Medical Research Council · UCL · Imperial College London · King's College London · wellcome trust · Cancer Research UK
